

Complete Beginners/New to Riding Lessons

- We offer both group and private riding lessons for those learning to ride.
- All **privates** are held between **Tuesday and Friday, from 10:00am-3:30pm**. We schedule your first private lesson at 30 minutes long, increasing the length of your lesson in 15 minute segments (up to a maximum of an hour) as you progress.
- For prices, please download our full price list from via our website (www.magicofriding.co.uk)
- We offer adult group lessons on the following days:

Day	Time
Thursday	11:30am
Saturday	11:30am
Sunday	11:30am

- Group lessons are suitable for both complete beginners and those who have ridden before – focusing on walk, trot, and when capable, learning to ask for canter. Complete beginners will be accompanied by a helper until they learn to be more independent at steering, stopping, and are showing a balanced sitting and rising trot. Most of the emphasis on our lessons however, is to have fun!

Those who have ridden before

- We always recommend that those who have ridden before undertake an assessment lesson on a lower ability lesson, so you can get used to our horses and the way we teach, and the instructor has a chance to assess what would be the most appropriate lesson to continue building your skills and confidence.
- Please telephone the office (contact details below) to discuss assessment lesson times and spaces, and more advanced lessons if appropriate.

Adult Wednesday Evening Courses

- During the spring and summer, we run a variety of adult training courses focused on building skills from the ground-up – you can read more about these via our Facebook page or on our website.
