

### Complete Beginners/New to Riding Lessons

- We offer riding lessons to children from the age of 5yrs upwards, starting them on 30 minute lead-rein lessons.
- All regular children's lessons are group rides – we find this to be the most enjoyable environment for children to learn (but do offer private lessons in the holidays for a treat).
- Children are accompanied by a helper until they learn to be more independent at steering, stopping, and are showing a balanced sitting and rising trot.
- Most of the emphasis on our children's lessons however, is to have fun!
- Price lists can be downloaded via our website ([www.magicofriding.co.uk](http://www.magicofriding.co.uk))
- We hold lead reins on the following days and times:

Day	Time
Tuesday	4:30pm
Wednesday	4:30pm (Summer Only)
Saturday	1:30pm
Sunday	1:30pm

### Those who have ridden before

- We always recommend that those who have ridden before undertake an assessment lesson on either a lead-rein (where they can ride unaided if capable) or 45 minute lesson (which is still ménage based, but no longer with the 1:1 help on the ground). This is so the rider can get used to our horses and the way we teach, and the instructor has a chance to assess what would be the most appropriate lesson to continue building skills and confidence.
- Please telephone the office to discuss assessment lesson times and spaces, and more advanced lessons if appropriate.

### Holiday Activities

- We also offer themed 'Pony for the Mornings' – open to those who are both complete beginners or have ridden before – you can read more about these via our Facebook page or on our website.

**For further enquiries, please do get in touch, and we'd be happy to help.**
